

WHO WE ARE

A network of local organizations that work with schools and in communities across the United States and Canada to help girls prepare for their futures and reach their full potential. Our evidence-based programming is proven to make a measurable difference in the lives of girls. We also work to advance the rights and opportunities of girls and young women through public policy and advocacy. Together with partners and supporters, Girls Inc. inspires all girls to be strong, smart, and bold.

WHAT GIRLS FACE

Never before has there been more opportunity for women to lead on a local and global scale. Girls are the leaders of our future needs. Yet every day, girls encounter social and systemic barriers that threaten their ability to succeed. For girls in low-income communities and girls of color—who experience even greater inequities—the obstacles are more significant.

We must prepare every girl to discover her strengths, find her power, and create change in her own life and in the world around her.

GIRLS INC. INCREASES OPPORTUNITIES FOR GIRLS WHILE MAKING SOCIETY MORE EQUITABLE FOR ALL GIRLS.

WHAT WE DO

Whether after school or during the school day, in person or virtually, girls participate in programming and experiences that help them build the skills, knowledge, and attitudes they need to thrive now and as adults.

PRO-GIRL, AFFIRMING ENVIRONMENT

We cultivate physically and emotionally safe environments where girls are encouraged to take risks, learn from mistakes, and grow.

LONG-TERM MENTORING RELATIONSHIPS

Our professionally trained staff and volunteers serve as positive role models and provide continual care and guidance to girls and their families.

EVIDENCE-BASED PROGRAMMING

We deliver hands-on, interactive programming for every area of a girl's development, including her physical and mental health, academic success, healthy relationships, career exploration, life and workplace skills, and leadership and civic engagement.

POLICY AND ADVOCACY

We work at the national, state, and local levels to advance policies that ensure the health and well-being of girls and young women, promote educational and career opportunities, support economic independence, and reform systems that perpetuate injustice. We work with and for girls to advocate for the issues that are most important to them.
